

COCKTAILS

MEMBERS ONLY 23. *Rum, crème de cacao, fresh coconut water, coconut milk, vanilla, cinnamon and cardamom inside of a thai young coconut*

CLARIFIED 'MILK PUNCH 17. *Through the process of milk clarification, we've crafted a drink that is as strong as a bourbon with none of the astringent bitter taste. Dating back to the 17th century, the process delivers a tropical flavor and looks like colored water but is as strong as liquor. Every milk punch is different but the concept is always the same*

PASSPORT TO THE TROPICS 17. *Barbados rum made from coconut water, orgeat, pineapple, soda water, mint, lime, saline and bitters*
